

Swale Borough Council Local Plan Part 1

RESUMED EXAMINATION HEARINGS –INSPECTOR’S NOTE

1. The resumed hearings, which will commence on 31 January 2017, will assist me in considering whether the Council’s proposed modifications overcome my concerns regarding soundness, as set out in the Interim Findings (ID/9a-9d). They will provide an opportunity for those who have made comments on the modifications to put their arguments to me in person.

2. The scope of the hearings will be strictly limited to discussion of the proposed modifications. It will not be necessary to revisit matters which were discussed in full at the examination hearings in 2015 and which are not the subject of modifications.

3. The hearings programme together with matters, issues and questions will be issued during the week commencing 28 November 2016 and the deadline for receipt of further statements is 6 January 2017. Other than the new dates and deadlines, all other arrangements for submission of statements remains as set out in the Examination Guidance Notes (ID/2).

4. As stated at the beginning of the examination, I will take account of all written representations and will give them equal weight to those made in person at the round table hearings.
